

GET STRONG--'TIS SPRING.

Paine's Celery Compound the Remedy That Makes People Well.

March 18, in fact, the first month in the year.

January stands first in the calendar only for convenience of business.

Now is the time to get well!

Through the long winter most men and women do not taste fresh air nor drink in sunlight oftener than once a week or once a fortnight.

It is no wonder that so many hard working men and women approach spring with a feeling of weakness and debility and a languor of mind they cannot shake off without the assistance of a blood purifier and a true food for the nerves and brain.

Beyond a doubt the best spring medicine is Paine's celery compound. With its aid diseases loosen their hold in the spring.

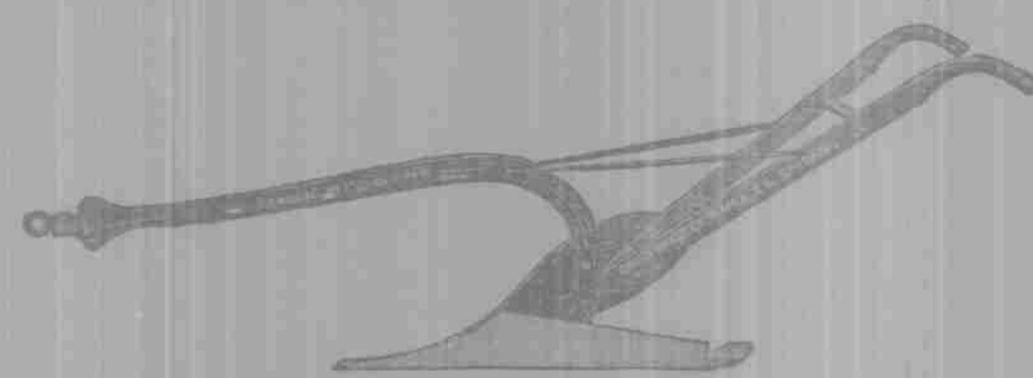

These are the favorite months for attacking rheumatism, lumbago, nervous diseases and weakness of the digestive organs—and Paine's celery compound cures them where everything else fails.

The most eminent professor and a man of tremendous experience, Prof. Edward E. Phelps, M. D., LL. D., discovered the formula for Paine's celery compound in the famous laboratory connected with the Dartmouth medical school. It is the remarkable outcome of the century's study of blood and nerves, and their close dependence upon each other for health.

But remember the time-worn text: "Spring comes but once a year." Take advantage of the favorable season. Get well and strong and free from the ailments that come from poor blood and worn-out nerves. Changes in the blood and nervous tissues take place very rapidly at this time. In March and April the blood is most capable of throwing off its impurities.

Purify the blood and invigorate the nervous system with Paine's celery compound!

Hard times and overwork are best met with Paine's celery compound.

Judicious fields to a reasonable care in taking Paine's celery compound. Liver and kidney trouble will not persist when only pure blood flows through these important organs.

The cure of the stomach and nerves at the very cause of the trouble, thin, watery blood, and jangled, shaking nerves.

Thousands of overworked business men and hosts of plain, hard working people are today strong and happy whose lives were full of wretchedness and weakness before trying Paine's celery compound.

Disorder of the liver, stomach, and kidneys can now be thoroughly driven out of the system by Paine's celery compound, the remedy that makes people well.

At the first indication of nervous weakness and a "tired down" condition of the system, tone up the stomach with Paine's celery compound, regulate the nervous system, and neutralize the body by this great invigorator.

Try it and be convinced.

One of the best known young men of Holyoke, Mass., Mr. J. E. Mayett, whose likeness is given above, writes frankly:

"I have taken Paine's celery compound and found it to be the best medicine that I have ever taken. I fell weak and ran down and could not eat anything in the morning, also had a vomiting spell every morning after getting up. I took part of two bottles of Paine's celery compound and feel better than I have for a year. I can cheerfully recommend it to any one. My wife is taking it now for weakness and nervousness, and it helps her very much. The druggist where we trade tells my wife that Paine's celery compound out-sells any other medicine that they keep."

That is the story from one end of the country to the other; because Paine's celery compound cures.

TALKED OF GERMANS.

David Overmyer to the Topeka Club Last Night.

VIRTUES OF THE DEUTSCH RACE.

"The Galvanized, Nickeled Christians of Our Own Times"—Some Notable Sentences.

David Overmyer spoke to the members of the Topeka club last night on "The German Race." Mr. Overmyer was in good voice. Following are a number of the striking things he said:

"The name they assumed, 'Deutsch,' means the people, and why should they call themselves 'the people,' unless by way of contrast with tyranny or despotism?

"Let the galvanized, nickeled Christians of our own times withdraw proximity with the Germans, because they drug beer, reflect that in the great conflict between Asia and Africa upon the one hand and Europe upon the other, between Christ and Mohammed, this same robust, virile, virtuous, powerful and heroic people saved the cause of Christendom and made it possible for degenerate anatomical, pale effeminate product of violated natural law, to vitality and traduce those who, by their prowess and valor, delivered the world from the sway of the Koran."

"As good citizens prizing personal liberty as the consummate flower of all ages and admiringly by the stern lessons of the dark and bloody past they (the Germans) call upon their fellow countrymen of all nationalities to shun all these things as they would the most deadly pestilence."

"Let the church and state be forever divorced. Let there be no interference with the rights of conscience."

"While they in common with all the people of this country receive worthy, industrious, honest and law-abiding immigrants from the old world, yet no native of this country can surmount them in their desire that lawless, disengaged and indigent persons, the ripe and bitter fruit of despotism, shall be excluded from these shores with a stern unyielding hand. But mirth is not disorder, music and drama are not orgies, merriment and hilarity in their place and season are specific remedies for filanthropy, gloom and hopelessness, which are the fruitful parents of crime. Therefore, while fully resolved to perform with strict fidelity every duty of good citizenship and make every sacrifice of patriotism in this their adopted country, they will hold as political enemies all who would by violent and arbitrary laws deprive them of the pleasures of those social habits and customs which have been handed down to them by their heroic and venerated forefathers, and that religious liberty which is the common heritage of the great Teutonic race."

Another Flower Garden Admirer Complains of Canine Interference.

To the Editor of the State Journal.

SIR.—The writer of the article in the JOURNAL of the 16th, suggesting to the city council the necessity of passing an ordinance to prohibit dogs running at large in the city, certainly has the hearty thanks of a majority of the citizens for starting a much needed reform.

Topeka would have a great many more flower gardens if it were not for the dog nuisance. If a man wants a flower bed he must invest as much money in a wire fence as the plants cost him.

There is a bunch of about six dogs on Fillmore street in one block that can be seen at any time in the day. These dogs run out at long intervals and frequently follow persons along the sidewalk barking and snapping at their clothes, and yet if a dog happens to get possessed, the owner gets very angry, and when bitten by a dog a few months ago, without the slightest provocation, and I hope the war will be kept up against the dogs.

JOINS IN THE CHORUS.

A Dog Owner Believes Dogs Shouldn't Run at Large.

To the Editor of the State Journal.

SIR.—Want to inform "Citizen" sentiment in regard to dogs running at large. I keep a dog and pay a tax, and would gladly pay \$10 per year if there were none running at large. I give any one the privilege of killing my dog if found on their premises.

A Dog Owner.

LOCAL MENTION.

Ten printers have been temporarily laid off at Hall & O'Donnell's.

Department Commander Campbell of the G. A. R. has divided Kansas into 27 districts for inspection purposes.

The clerks of the Santa Fe general office enjoyed their first half holiday of the season this afternoon. The offices closed at noon.

The boys' brigade of the Liberty church now numbers over sixty members. They meet every Tuesday evening at the church.

One E. Hungate will address the fifth ward Republicans at their club meeting this evening in the Van Buren street school house, South Topeka.

The Santa Fe whistle blew at 7 o'clock and at 5:30 this morning. A rush of work in the car department compelled the men in that department to go to work a half hour earlier than usual.

The state board of railroad commissioners has ordered the Union Pacific to repair its crossings in the city of Abilene. The commissioners recently visited Abilene and inspected these crossings.

The State Historical Society has received an autobiography of Rev. Lydia Sexton who was chaplain of the state penitentiary from January, 1870, to February, 1871.

A meeting will be held at Representative hall, state house, under the auspices of the Bi-Metallic league this evening to make arrangements for proper representation at the Des Moines convention.

Mrs. C. C. Adams will lead the meeting at the Y. W. C. A. rooms tomorrow afternoon. Miss Emma Burgess will conduct a meeting at the Third Presbyterian church and Miss Elizabeth Rodgers will lead one at the Second Presbyterian church.

A citizen writes the JOURNAL: "When the dog-killer gets time, the residents in the neighborhood of Seventh and Topeka avenue would like to have him visit that part of the city, in his official capacity, and if possible either kill or carry off about two dozen worthless dogs."

Mr. C. C. Adams will lead the meeting at the Y. W. C. A. rooms tomorrow afternoon. Miss Emma Burgess will conduct a meeting at the Third Presbyterian church and Miss Elizabeth Rodgers will lead one at the Second Presbyterian church.

Mrs. C. C. Adams will lead the meeting at the Y. W. C. A. rooms tomorrow afternoon. Miss Emma Burgess will conduct a meeting at the Third Presbyterian church and Miss Elizabeth Rodgers will lead one at the Second Presbyterian church.

Having purchased F. W. Whittier's interest in the firm, we are prepared to give the people of Topeka the best the market affords.
